WHY SHOULD I BUY MAILORDER?

Well, here are a few good reasons that answer the question. Unless you live in California, there's no sales tax. No hassles. No need to drive or park. It's a free phone call and it's delivered quickly to your door. Now answer this question: Could it get any easier or more convenient?

CUSTOMER SERVICE & SALES HOURS

For your convenience, we have extended our hours in both the Customer Service and Sales departments. New hours are 5 a.m. to 10 p.m. PST every day. Don't forget, you can order 24 hours a day when you visit CCS.COM.

DO WE HAVE IT IN STOCK?

When placing your order, our informed sales staff will let you know when you can expect delivery. If we are out of an item and we expect to get more, we will backorder it for you and ship it automatically when it comes in — charging you only when we ship.

CCS.COM

Our web site is backed by 15 years of experience and know-how. As we continue to deliver top quality skateboard and snowboard goods, you can expect our web site to be just as helpful and informed as our knowledgeable sales staff. CCS.COM is fully secure and is designed to make it as easy as possible to place orders and check stock. Click CCS.COM, order today and skate better tomorrow.

THE EASE OF ORDERING

The choice is yours:
call 1-800-477-9283,
fax 1-805-546-0330, drop your order in the mail, or buy on-line at www.ccs.com. We accept all major credit cards, checks—even by phone, money orders, or we can ship C.O.D. All the details are inside on the order form—any questions, ask away.

SHIPPING

We try very hard to ship within 48 hours of receiving your order. So for some parts of the country, if you order on Monday, you could have your new stuff by the weekend. When you place your order ask your salesperson how long it takes to your town.

CONTENT SHOCK?

We do our best to try and not carry graphics and designs that may be offensive to anyone. However, skateboarding has always celebrated the individual and has supported non-mainstream ideas. Please keep this in mind when looking through the catalog. We have tried to provide many choices in each product category so you can find something appropriate for you. If you have any questions on a graphic or design, call our sales staff. We will be glad to help you.

SATISFIED WITH YOUR PURCHASE?

We sure hope so. If for any reason you're not, call our customer service department at 1-800-477-9283 . . . we'll take care of you.

Trucks Silver $33.98 pair, Colored $37.98 pair (unless otherwise noted)

Trucks come in various heights and widths. Truck axle width should be closely matched to your deck width—or at least within 1/4". Truck heights only differ by about 1/4". If you use bigger wheels then you should either use higher trucks, risers, or both to avoid wheelbite (contact of wheel with deck).

Osiris G-Bag

Mobile Audio Transport System = The G-Bag from Osiris. Developed by the entire crew at Osiris, the G-Bag surpasses any and all bags in original concepts. It's a well constructed bag with multiple storage options and an urban sound system all-in-one. The bag comes ready for you to connect your own player of choice — CD, MD, tape, MP3, etc. to the built in amplifier (batteries for amp not included) that is connected to two built-in side mounted speakers. Turn the power on and have tunes while you skate, sit or stand.

Speakers: two super loud 8 watt, 8 oHM active speakers with durable metal screens and weather resistant speaker parts. They are connected to the amplifier by two cables that run through Velcro cable flags.

Amplifier: a 5 watt per stereo channel with loudness enhanced output has been mounted internally in a suspension pocket that keeps it from hitting the ground when set down. The amplifier can be run with 6 or 12 batteries depending on your preference or pocket money.

AC Adapter: two purposes. First, it is capable of charging rechargeable batteries (not supplied) and second, it powers the amplifier when the batteries are low or dead. Simply plug into your wall outlet for AC power and you're set.

A mini scion model CD case also comes with the purchase of your new G-Bag. Capable of carrying your CD player as well as 8 more discs, you can clip it to your belt or Velcro it to the shoulder strap for the ease of changing music without removing the bag.

Not just an original audio piece, the bag does not spare a single feature in regards to skateboarding. Able to carry a board with its large thermoplastic wear-resistant grip tape guards with a bottom weighted skateboard strap to adjust the load. Multiple accessory pockets with an 18 disc CD side pouch. Contour and padded shoulder straps with a sternum and waist straps provide excellent comfort with any movement.

The Osiris G-Bag with the urban sound system is built to be tough and handle heavy wear for a long time. However, the G-Bag comes with electronics and should be treated as you would any other electronics. DO NOT THROW THE G-BAG AROUND, OR STEP ON THE SPEAKERS OR AMPLIFIER. A warranty of 30 days against manufacturer's defects has been established by Osiris. This means that if anything breaks during this time period, it is not your fault (upon Osiris discretion). Improper wear and abuse will have to be covered by you, the now new owner of the G-Bag. Be sure to read the entire Owner's Manual before operating to understand all G-Bag specs.

DC Shoes Women's Dash

Representing women's skateboard innovation, DC introduces the Women's Dash.
